

## Government Institute of Science, Aurangabad (Maharashtra)

### A Report on the Student Satisfaction Survey 2020-21

More than 81% of the students have agreed that over 85% the syllabus was completed by the teachers and the teachers prepared thoroughly for the classes. Over 75% students feel that the communication skills of the teachers is always effective and over 85% students are of the opinion that the approach of the teachers is excellent. Only about 9% students feel that the teachers are sometimes unfair in the internal evaluation, while 68% students feel that the evaluation is always fair and that teachers discuss assignments in the class. About 67% of the students agree that the Institute promotes internship, field visits, excursions and industry visits. About 90% of the students expressed that the teaching and mentoring process in the Institute facilitates development of cognitive, social and emotional growth. An equal percentage of students got the opportunity to learn and grow through inter-department interactions, inter-institution and University linkages and were exposed to summer/winter trainings. About 98% students agreed that they are informed about the course and program outcomes. Over 95% students expressed that the mentors/project guides ensure that the projects and assignments are completed on time through regular follow-up, feedback and guidance. All students agreed that the teachers illustrate the concepts through examples and applications. The teachers identify strengths and weaknesses of students to set challenges for them and also help overcome them according to about 80% students. About 93% students feel that they are part of the monitoring, review and continuous quality improvement of the teaching learning process in the Institute. 59% students agreed that the teachers use student-centric methods to a great extent for enhancing learning experiences, while 32% students feel moderate efforts are made in this respect. About 64% students strongly feel that they are encouraged to participate in extracurricular activities. About 34% students stated that teachers inculcate soft skills, life skills and employability skills to a great extent in order to make students ready for work and assist them in placements, while 34% students feel moderate efforts are made in this regard. Over 60% students agree that the teachers use ICT tools such as LCD projection, multimedia and audio-visual aids for teaching. More than 65% students expressed that over 90% of their demand for literature resources is met by the Institute. Above 98% students expressed that the overall quality of teaching-learning process in the Institute is satisfactory. The students feel that more initiatives need to be taken for placement of students after completion of the PG course. The students have also expressed the need to provide adequate amount of labware for the practical and centralized instrumentation facility.

Many students conveyed that non-availability or instability of network was the major problem in the online teaching-learning. Few students opined that the understanding of the practical was not clear in the online mode. The students also expressed that reading e-books was much more difficult than reading a book physically. The students requested to provide recording of the online-lectures, since at times, they could not hear the lectures properly. Physical strain on the eyes was one of the major problem faced by the students. The students also opined that the academic environment in the Institute is more conducive to learning than the home environment. However, since the institute is located away from the city, the need for public transport system was also highlighted. The overall impression of the students regarding teaching-learning experience in the institute is provided below in a screenshot taken from the feedback form:

24. Overall impression of the Institute (Teaching, Learning, Resources and Facilities) provided during your tenure in the Institute

44 responses

Everything is good

As it is government institute it has its own impression but all the faculty members have research attitude so they inspire students to take interest in the subject..Thank you Team GISA.

Everything is perfect and I always feel proud that I am the student of government institute.To become all rounder in every stage of life our institute always helps in all over development. Thank you

The facilities, teaching and resources are very excellent.

Very nice facilities provided by Institute

No any suggestions

Institute has very talented faculty.my experience was very good.

Nice
